

WEBINAR

Purposeful practitioner onboarding: A hospital and health system playbook for success

<https://www.greeley.com/insights/purposeful-practitioner-onboarding-hospital-and-health-system-playbook-success>

This webinar outlines a comprehensive onboarding framework designed to improve integration, communication, and collaboration across key stakeholders. We'll highlight leading practices, common challenges, and workflows while emphasizing the impact of optimized onboarding on practitioner experience, compliance, operational efficiency, and revenue. The presentation will also embrace the concept of a concierge-style approach to onboarding.

Attendees will be able to:

- Understand the components of an optimized practitioner onboarding framework.
- Identify key onboarding process steps and stakeholder roles.
- Recognize the impact of effective onboarding on practitioner experience, compliance, including retention, risk reduction, and revenue acceleration.

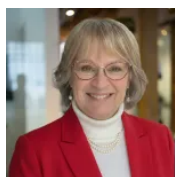

- Identify common challenges in practitioner onboarding and strategies to improve efficiency, reduce duplication, and streamline workflows.
