SEMINAR SERIES

■ CMO/VPMA Retreat

How To Succeed In the Toughest Job In Healthcare

If you are a CMO or VPMA or are considering this role, join us for the CMO/VPMA Retreat, designed to provide you with management skills and knowledge, realistic perspectives on the role of CMO/VPMA, and the peer-to-peer networking that are all necessary for you to excel in resolving the challenges that arise from having one foot in the hospital management world and one foot in the clinical world.

Who Should Attend

- CMO/VPMA
- Department Chairs & Chiefs
- Chief Strategy Officer
- Medical Directors
- Service Line Leaders & Dyad Managers

What You'll Learn

This program will provide a framework and tools to foster the vision necessary to lead and inspire innovation through a force multiplier culture. Participants will learn how to manage the "vital few" to engender trust and drive value-based results.

■ Cracking the Burnout Code

A Systematic Approach to Cultivating a Flourishing Healthcare Workforce and Enhancing Retention

Workforce retention, wellbeing, turnover, burnout...it's at the top of every leader's priority list. Whether it is physicians, nurses, lab technicians or environmental services the stability and wellbeing of the workforce can determine the organization's ability to fulfill its mission, vision, and strategic objectives. This full-day seminar delves into the primary drivers of burnout across physicians (by specialty), nurses, APP's, and other healthcare professionals, offering a systematic approach to instigate positive change. Tailored insights for specific specialties, be it neurosurgeons, nurses, or environmental service workers, along with proven action planning strategies, tips, and interactive sessions, equip attendees with the tools to make a tangible difference.

Who Should Attend

- COO
- CMO/VPMA
- CEO
- CHRO
- Department Chairs and Chiefs
- CNO's and Nursing Directors
- Clinical Transformation Leaders
- Service Line Leaders
- Chief Quality Officer

What You'll Learn

- A structured approach for identifying groups of employees vulnerable to turnover.
- Insight into the primary concerns and challenges specific to job families and medical specialties.
- Action planning strategies that work.
- Techniques for fostering leadership alignment.
- Awareness of common pitfalls and how to navigate them.

■ The Credentialing Solution

Everything Medical Staff Leaders and Medical Services Professionals Need to Know

Sound credentialing and privileging are crucial to the success of any organization. However, challenges such as negligent credentialing, telemedicine integration, matching competencies to privileges, expanding scopes for APPs, cross-specialty disputes, and the growing number of employed physicians can destabilize policies and practices, and putting the organization at risk.

Who Should Attend

- CMO/VPMA
- Medical Staff and APP Leaders
- Credentials Committee Chairs and Members
- Department Chairs
- Board Members
- Medical Services Professionals
- Risk Managers
- Hospital Counsel
- Recruiters & Healthcare Administrators

What You'll Learn

This session offers practical solutions to challenging credentialing and privileging issues, using interactive case studies and proven principles. Medical staff leaders and professionals will gain the skills and knowledge needed to build a credentialing and privileging program that protects patients, ensures fairness for physicians, and addresses today's complex challenges. Key takeaways include a sample new technology/procedure form, an Advanced Practice Professional training policy, and an Exchange of Credentialing Information Policy.

■ Medical Executive Committee Institute

Essential Training for All Physician Leaders

As healthcare pressures to improve quality and reduce cost continue to rise, healthcare organizations increasingly rely on their physician leaders to drive the change that is needed. Current leaders must keep apprised of new issues while physicians new to the role must develop skills essential to fostering transformation. Because new leadership challenges abound, many hospitals make it standard practice to enroll current and future leaders in this program annually.

Who Should Attend

- Medical Staff Officers
- Department Chairs
- Service Line and Section Chiefs
- Medical Directors
- Board Members
- Hospital Counsel

What You'll Learn

This session focuses on critical factors Medical Executive Committee members need to understand for effectively executing their leadership duties including key performance drivers, and how to assess and improve quality and reduce costs. An overview of the Greeley/Chartis Practitioner Performance Pyramid approach, credentialing and peer review strategies, and healthcare law are additional focus areas.

COURSE

SEMINAR DESCRIPTION

■ Peer Review Boot Camp

Performance Improvement-Driven Peer Review

While often viewed as punitive, peer review can actually be a positive force for practitioner improvement. Practical, in-depth knowledge, tools and leading practices for fair and efficient case review and Ongoing Professional Practice Evaluation and Focused Professional Practice Evaluation methods can add value by utilizing data-based, competency indicators for a more equitable, collegial culture and process.

Who Should Attend

- CMO/VPMA
- Department Chairs
- Peer Review Committee Chair & Members
- Quality Committee Chair
- Staff assisting the peer review function

What You'll Learn

This session provides an overview of peer review duties along with the tools needed to perform objective and efficient case review utilizing data-driven standards. Indicators to measure six core competencies and steps to developing an effective action plan are included.

■ The Physician Leadership Institute

The Tools You Need to Deliver the Value Your Health System Requires

Hospitals, healthcare systems, and physician group practices face mounting pressures to improve quality, reduce costs and enhance value. Increasingly they look to physician leaders to help achieve these goals. Understanding the fundamentals of the fundamentals of the physician leadership roles, the business of healthcare, and the practical skills and knowledge needed to lead high-functioning teams is essential to the success of physicians in leadership roles.

Who Should Attend

- CMO/VPMA
- Medical Directors
- Physicians in other appointed roles
- Department Chairs
- Other medical staff leaders

What You'll Learn

This program will provide participants new knowledge and skills essential to succeed in the role of physician leader. This will include understanding the importance of defining accountability for performance, applying sources of power and influence to manage the change process, and learning basic financial tools to be an effective partner in program planning.

■ Quality, Safety and High Reliability: Leading the Transformation

High Reliability as an Operating Model for Quality and Safety

The essential promise of healthcare — helping people at their most vulnerable — has never been more challenging to deliver. Since the release of “To Err is Human” and “Crossing the Quality Chasm” over two decades ago, many organizations have pursued programs to achieve higher levels of performance, reduce harm, and evolve their cultures of safety. While such initiatives help promote quality and safety improvement, they lack a comprehensive, integrated view of whole-hospital care. Building true reliability that is sustainable over time requires a deliberate, coordinated, organization-wide approach. What is required is not a “program,” but a comprehensive operating model. Our approach to high reliability offers a path forward for healthcare organizations who aspire to provide consistently excellent, equitable care, supported by hardwired capabilities to detect and avoid harm. Achieving high reliability will result in more equitable clinical outcomes and greater patient and employee engagement. And, by extension, it will also improve public rankings and pay for performance program outcomes and produce significantly greater financial return.

Who Should Attend

- Chief Executive Officer
- Chief Legal Officer
- CMO/VPMA
- Chief Operating Officer
- Chief Quality Officer
- Clinical Transformational Leader
- Compliance Officer
- Patient Safety Officer
- Risk Manager
