Chartis Partner

Paul Murphree, D.O., Sc.D., is a Partner in Clinical Transformation. He is a distinguished physician executive renowned for his strategic leadership, notably enhancing medical outcomes and operational excellence across various health systems and health plans.

Laura Rife, MD, MBA
Senior Consultant

Dr. Laura Rife brings over 8 years of experience providing organizations with education on medical staff organizational functions; new medical staff leaders' roles and responsibilities; the medical staff-board relationship; credentialing and privileging; low-and-no volume practitioners, OPPE/FPPE; how to conduct peer review non-punitively; as well as practitioner conflict, alignment, and behavioral issues.

Greeley has confirmed that none of the faculty/presenters or contributors has any relevant financial relationships to disclose related to the content of this educational activity.

COURSE DESCRIPTION

Overcome Today's Most Challenging Peer Review Issues. The medical staff often views peer review as punitive when it can actually be a **positive force for practitioner improvement**. This course offers practical, in-depth training for physicians recently appointed to peer review positions, existing peer review leaders seeking new ideas on improving their case review and OPPE/FPPE methods, and staff who support peer review. Taught by experienced physician and operational leaders, Peer Review Boot Camp's format features a varied curriculum of group exercises, clinical case reviews, and case studies, with time for small group discussions and segments on different care settings.

PROGRAM GOAL

Provide essential knowledge and skill sets to enhance the ability of peer review committee chairs, members, and support staff to effectively fulfill their peer review-related responsibilities

LEARNING OBJECTIVES

Upon completion of this program, participants should be able to:

- Explain the responsibilities of an effective peer review committee
- Implement methods to improve reliability and fairness of physician case review
- Select indicators to understand the six core competencies and how they relate to the peer review process
- Develop a fair and efficient approach to OPPE and FPPE
- Create an effective action plan for FPPE

AGENDA

Peer Review Boot Camp | 3 Day National Agenda
San Diego, CA | January 29-31, 2026
