COURSE DESCRIPTION

This program is designed for those individuals who are new to healthcare accreditation/ regulatory compliance. The focus will be on the Joint Commission processes, with introductory information on Centers for Medicare and Medicaid Services (CMS). This program is not a review of accreditation standards or Conditions of Participation.

PROGRAM GOAL

Provide foundational knowledge, clarify the significance of compliance within healthcare organizations, and introduce key entities and survey management strategies.

PROGRAM OBJECTIVES

Upon completion of this program, participants should be able to:

- Design an outline of an ongoing readiness program for their organization.
- Distinguish two types of surveys conducted by Joint Commission
- Distinguish two types of surveys conducted by CMS
- Operate the staffing requirements to run a successful onsite survey.
- Describe the components of the Five-Tier Tracer program.
